## Itigroup consolidated balance sheet

(1) Asia GCB includes the results of operations of GCB activities in certain EMEA countries for all periods presented.
(2) Credit valuation adjustments (CVA) on derivatives (counterparty and own-credit), net of hedges; Funding Valuation Adjustments (FVA) on derivatives; and Debt Valuation Adjustments (DVA) on Citigroup's fair value option liabilities (collectively referred to as CVA/DVA). Effective January 1, 2016, Citigroup early adopted on a prospective basis the amendment in ASU No. 2016-01,
Citigroup's fair value option liabilities (collectively referred to as CVA/DVA). Effective January 1, 2016, Citigroup early adopted on a prospective basis the amendment in ASU No. 2016-01,
Financial Instruments - Overall (Subtopic $825-10$ ): Recognition and Measurement of Financial Assets and Financial Liabilities, related to the presentation of DVA on fair value option liabilities
Accordingly, beginning in the first quarter of 2016, the portion of the change in fair value of these liabilities related to changes in Citigroup's own credit spreads (DVA) are reflected as a component
of Accumulated Other Comprehensive Income (AOCI); previously these amounts were recognized in Citigroup's revenues and net income. In the tables above and on pages 5,16 and 17 ,
results for all periods prior to the first quarter of 2016 exclude the impact of CVA/DVA, as applicable, for consistency with the current period's presentation. Citigroup's results of operations
excluding the impact of CVA/DVA in such periods are non-GAAP financial measures.

(9) Represents additional credit reserves recorded as other liabilities on the Consolidated Balance Sheet.
(10) December 31, 2015, March 31, 2016, June 30, 2016, September 30, 2016 and December 31, 2016 exclude $\$ 34$ million, $\$ 33$ million, $\$ 32$ million, $\$ 31$ million and $\$ 29$ million, respectively, of loans which are carried at fair value.

(1) Corporate loans are placed on non-accrual status based upon a review by Citigroup's risk officers. Corporate non-accrual loans may still be current on interes payments. With limited exceptions, the following practices are applied for Consumer loans: Consumer loans, excluding credit cards and mortages, are place payments. With imited exceptions, the following practices are applied for Consumer loans. Consumer loans, excluang credit cards and mort 90 days past due, and are charged off at 120 days past due; residential mortgage loans are placed on non-accrual status at 90 days past due and written down to net realizable value at 180 days past due. Consistent with industry conventions, Citigroup generally accrues interest on credit card loans until such loans are charged off, which typically occurs at 180 days contractual delinquency. As such, the non-accrual loan disclosures do not include credit card loans.
2) The fourth quarter of 2016 reflects the transfers of non accrual loans to HFS resulting from the agreements to sell the Brazil and Argentina consumer banking businesses.
(3) Excludes SOP 03-3 purchased distressed loans.
(4) The fourth quarter of 2015 decline includes the impact related to the transfer of approximately $\$ 8$ billion of mortgage loans to Loans, held-for-sale (HFS) (included within Other assets on the GAAP balance sheet).
(5) Asia GCB includes balances for certain EMEA countries for all periods presented.
6) Represents the carrying value of all property acquired by foreclosure or other legal proceedings when Citigroup has taken possession of the collateral. Also includes former premises and property for use that is no longer contemplated.
There is no industry-wide definition of non-accrual assets. As such, analysis against the industry is not always comparable.
