(1) As previously disclosed, effective January 1, 2010, Citigroup adopted SFAS No. 166, Accounting for Transfers of Financial Assets, an amendment of FASB Statement No. 140 (SFAS 166) and SFAS No. 167, Amendments to FASB Interpretation No. 46(R) (SFAS 167). As a result, reported and managed basis presentations are equivalent for periods beginning January 1, 2010. For comparison purposes throughout this supplement, revenues, net credit losses, provisions for credit losses and for benefits and claims, and loans (and all related delinquencies and ratios) for periods prior to January 1, 2010 are presented on a managed basis. Managed presentations were applicable only to Citigroup's North America branded and retail partner card operations in North America Regional Consumer Banking and Citi Holdings Local Consumer Lending. Prior to January 1, 2010, managed-basis presentations were non-GAAP financial measures. Managed presentations included results from both the on-balance sheet loans and off-balance sheet loans, and excluded the impact of card securitization activity. Managed presentations assumed that securitized loans had not been sold and presented the results of the securitized loans in the same manner as Citigroup's owned loans. See pages 43 - 46 for reconciliations of managed measures to their most comparable GAAP measure.

(2) The Diluted EPS calculation for the first, third and fourth quarters in 2009 utilize Basic shares and Income available to common shareholders (Basic) due to the negative Income available to common shareholders. Using actual Diluted shares and Income available to common shareholders (Diluted) would result in anti-dilution.

(3) Tangible Book Value Per Share is a non-GAAP financial measure. See page 46 for a reconciliation of this measure to its most comparable GAAP measure.

(1) Citigroup adopted SFAS 166/167 effective January 1, 2010. As a result, reported and managed basis presentations are equivalent for periods beginning January 1, 2010. See page 1 for additional information. Historical disclosures reflect the impact from credit card securitizations only. The information above reconciles managed disclosures to the most-relevant GAAP disclosures.

(2) Net impact of Credit Card Securitization Activity includes the removal of securitization-related items that are part of GAAP revenues such as the gain on sale of credit card loans, mark-to-market revenue for interests retained in securitized assets classified as Trading, and net credit losses on loans that are considered sold for GAAP purposes.

(1) Corporate loans are placed on non-accrual status based upon a review by Citigroup's Risk officers. Corporate non-accrual loans may still be current on interest payments. With limited exceptions, the following practices are applied for Consumer loans. Consumer loans, excluding credit cards and mortgages, are placed on non-accrual status at 90 days past due, and are charged off at 120 days past due. Residential mortgage loans are placed on non-accrual status at 90 days past due and written down to net realizable value at 180 days past due. Consistent with industry conventions, Citigroup generally accrues interest on credit card loans until such loans are charged off, which typically occurs at 180 days contractual delinquency. As such, the non-accrual loan disclosures do not include credit card loans.

(2) Excludes SOP 3-03 purchased distressed loans.

(3) Represents the carrying value of all property acquired by foreclosure or other legal proceedings when Citigroup has taken possession of the collateral.

(4) Primarily transportation equipment, carried at lower of cost or fair value, less costs to sell.

(5) There is no industry-wide definition of non-accrual assets. As such, analysis against the industry is not always comparable.

- Corporate loans are placed on non-accrual status based upon a review by Citigroup's Risk officers. Corporate non-accrual loans may still be current on interest payments. With limited exceptions, the following practices are applied for Consumer loans. Consumer loans, excluding credit cards and mortgages, are placed on non-accrual status at 90 days past due, and are charged off at 120 days past due. Residential mortgage loans are placed on non-accrual status at 90 days past due and written down to net realizable value at 180 days past due. Consistent with industry conventions, Citigroup generally accrues interest on credit card loans until such loans are charged off, which typically occurs at 180 days contractual delinquency. As such, the non-accrual loan disclosures do not include credit card loans.
- Excludes SOP 3-03 purchased distressed loans.
- Represents the carrying value of all property acquired by foreclosure or other legal proceedings when Citigroup has taken possession of the collateral.
- Primarily transportation equipment, carried at lower of cost or fair value, less costs to sell.
- There is no industry-wide definition of non-accrual assets. As such, analysis against the industry is not always comparable.

Tangible Book Value Per Share and Tangible Common Equity (TCE) (and related ratio) are non-GAAP financial measures. TCE, as defined by Citigroup, represents Common equity less Goodwill and Intangible assets (excluding MSRs) net of the related deferred taxes. Other companies may calculate TCE in a manner different from Citigroup. A reconciliation of Citigroup's total stockholders' equity to TCE and Tangible Book Value per Share follows:
