2025 Sustainable Progress Strategy

At Citi, building a sustainable future is our business
Our 2025 Sustainable Progress Strategy sets out three key pillars of activity:

Low-Carbon Transition
Accelerate the transition to a low-carbon economy through our $250 Billion Environmental Finance Goal
Finance and facilitate environmental solutions over five years in support of:
• Renewable Energy
• Clean Technology
• Sustainable Transportation
• Energy Efficiency
• Green Buildings
• Water Quality and Conservation
• Circular Economy
• Sustainable Agriculture and Land Use

Climate Risk
Measure, manage and reduce the climate risk and impact of our client portfolio
Enhance our TCFD implementation and disclosure through policy development, portfolio analysis and stakeholder engagement

Sustainable Operations
Reduce the environmental footprint of our facilities and strengthen our sustainability culture
Continue to minimize the impact of our global operations through operational footprint goals, and further integrate sustainable practices across the company
