

Basel III Pillar 3 Capital Disclosure

Effective January 1, 2013 OSFI requires Canadian financial institutions to manage and report regulatory capital in accordance with a new capital management framework, commonly referred to as Basel III. The new Basel III Pillar 3 public capital disclosure requirements, leverage ratio requirement and Key metrics are intended to improve both the transparency and comparability of the Bank's capital position. The revised table is in conformity with the templates provided by OSFI in its Basel III Pillar 3 Advisory issued February 2025 for SMSBs.

Additional financial information published can be accessed at OSFI's Financial Data for Banks. Website: (<https://www.osfi-bsif.gc.ca/en/data-forms/financial-data/financial-data-banks>).
