Subcontracting Program

Citi has a long history of advocating Minority and Women Business Enterprises (M/WBE) business development. Over time, the Citi Supplier Diversity department has evolved to meet the needs of a number of different businesses now considered Diverse Suppliers. A Citi Diverse Supplier is a Minority, Woman, Disabled, or Disabled Veteran Business Enterprise or a Veteran Owned Small Business. Diverse Supplier Business Development is linked to Citi’s Global Diversity Strategy and is considered a strategic business asset.

In our efforts to strive for continuous improvement in our Diverse Supplier initiatives, we have implemented a Second Tier Program. This program is a process of encouraging our First Tier suppliers help to expand minority, woman, veteran, and physically challenged business opportunities by establishing Supplier Diversity Programs of their own. The overall purpose of this program is to expand the Diverse Supplier content of services that we offer to our customers in the marketplace while expanding and broadening the available opportunities for Diverse Suppliers.

The second tier program functions in conjunction with our continued efforts to expand and grow our direct Diverse Supplier procurement in our First Tier Supplier Diversity Program.

Citi prime contractors may participate in the program by subcontracting to Second Tier Suppliers.

Purpose

The purpose of the Supplier Diversity Subcontracting Program is to provide and enhance opportunities for minority, woman, physically challenged, and disabled veteran enterprises, as well as veteran owned small businesses so that they can participate in the Citi procurement process through prime contractors doing business with Citi.

Authority and Background: Public Law 95-507

Public Law 95-507 requires the development of programs to increase participation of small and minority-owned business enterprises in procurement contracts from federal government prime contractors.

- Establishes the Office of Small and Disadvantaged Business Utilization in every Agency having procurement powers.
- Establishes the 8(a) program.
- Establishes Preferential Procurement Goals for participation by small businesses, small disadvantaged firms, 8(a) and small women-owned concerns in Federal contracting programs. The goals are forwarded to the Small Business Administration on an annual fiscal year basis for approval or negotiation.
Language of the Subcontracting Program

**Subcontract:** Any agreement or arrangement between a contractor and any party or person (in which the parties do not have an employer/employee relationship):
- For the furnishing of products or services for the use of real or personal property, including lease arrangements, which, in whole or in part, is necessary to the performance of any one or more contracts: or
- Under which any portion of the contractor's obligation under any one or more contracts is performed, undertaken or assumed.

**First Tier Supplier:** A Diverse Supplier that works directly for **Citi** and is paid by **Citi**.

**Second Tier Supplier:** A Diverse Supplier that is used by a Prime (or first tier) supplier to **Citi** in support of its core business.

**Second Tier Direct Activity:** Activities and expenditures in which a prime supplier utilizes Diverse Suppliers to support a **Citi** project directly. In addition, if Diverse Supplier payments can be tracked to a specific contract or purchase order, we will accept the Diverse Supplier's portion of the Cost of Goods (COG) sold for products and services purchased by **Citi**.

| How Second Tier Direct Works: a $100 Per Unit Product or Service Shipped/Invoiced |
|-----------------------------------|---------------------------------|-------------------------------|---------------------|
| Diverse Supplier                  | Diverse Supplier’s cost factor in Product per Unit | Citi’s Total Unit Order | Diverse Supplier Total COG |
| ABC Company                        | $40                                           | 10,000                        | $400,000                                    |

Therefore, of the $1,000,000 total **Citi** order, $400,000 will be credited toward Diversity Spend with Diverse Suppliers

**Second Tier Indirect Activity:** Activities and expenditures in which **Citi** prime suppliers may use Diverse Suppliers in support of its overall activities. Indirect diverse spend can be calculated two ways:

- **Second Tier Indirect Activity A:** Through a percentage allocation and subsequent dollar amount allocated toward **Citi** Diversity Spend by a prime supplier based upon the prime supplier's Diversity Spend,

| How Second Tier Indirect A Works: Prime Supplier utilizes Diverse Suppliers in support of its corporate objectives |
|-----------------------------------------------|-------------------------------------------------|---------------------------------|---------------------------------|---------------------|
| Prime Supplier (PS) Designates goals for its SDProgram | Citi uses Prime Supplier | PS earmarks dollar amount or percentage of its business to Diverse Suppliers | Citi SDP tracks PS participation for Diversity Spend |

- **Second Tier Indirect Activity B (Professional Services):** Through the use of diverse employees working in professional services, (i.e. advertising, marketing, legal, etc) with the prime supplier on **Citi** matters.
